

WHAT WE OFFER

- Proven underwriting expertise in garage insurance products
- **Garage liability limits** of up to **\$1M per occurrence/\$3M aggregate**
- **Garagekeepers legal liability** (for customer vehicles) up to **\$1M per vehicle and up to \$15M per location**
- **Property coverages** (building, contents, business interruption, signs, tool floater for mobile tools) **available in all states except IA, IL, KS and NH**

WHAT YOU NEED

- Completed carrier garage application
- **Parking Lots/Structures:** details of controlled access and signage stating premises owner is not responsible for damage
- **Parking Carousels:** details of controlled access, type of structure and building security particularly at ground level
- 3-year hard-copy loss runs (*new ventures are acceptable with details of prior business experience*)
- All risks quoted are subject to:
 - MVRs for all employees who may move vehicles
 - A risk inspection for each location

Parking lots or structures are quickly growing in demand in metropolitan areas. However space may come at a high cost. **Parking Carousels**, also known as automated parking systems, offer an ideal solution for maximizing car storage efficiency.

NeitClem recognizes the growing need for this and is committed to providing cutting-edge options to meet these demands.
